**3. Event Specifics**

Can all drivers please fill out their sign on form prior to arriving. This will enable us to sign on quicker on the day and get racing as soon as possible. The registration form can be found [here](#).

**3.2. Traffic**

This event is happening on the same day as the British Grand Prix, which takes place around 15 miles south of Whilton Mill. Due to this, please expect additional traffic on route to the venue. Whilton Mill have already advised us that they will be starting on time, so please leave additional time for your journey.

**4. Circuit Specifics**

**4.4. Onboard Cameras**

Whilton Mill does allow the use of helmet mounted cameras, these must be securely fitted and are used at competitors own risk. Body & kart mounted cameras are not allowed. The

use of any cameras is at the sole discretion of the host circuit.

## 5. Weight

Drivers are reminded that it is their responsibility to meet the minimum weight for the class they have entered, NRKL will not be providing any weights at this event. This can be done by the use of a weighted seat insert or body weights, there is no option to fix weights directly to the karts. It is highly recommended to not fit any weights to your chest or wrists.

There is no tolerance for being underweight. E.g. a heavyweight that weighs in at 94.9kg will be considered underweight.

All drivers will be required to weigh in before going out on track for practice. Drivers will then be weighed at the end of every race to ensure compliance.
