## 7 Weight

7.1 The 2023 NRKL Sprint championship will run 3 weight classes as follows

Featherweights: 65kg minimum weight  
Lightweights: 80kg minimum weight  
Heavyweight: 95kg minimum weight

7.2 A drivers weight includes the following:

- Seat insert: either a circuit provided or personal seat insert
- Racewear (suit, gloves, helmet etc) this must all be in good condition and suitable for use. CIK level 2 suits are

	<p>recommended but are not mandatory.</p> <ul style="list-style-type: none"> <li>- Personal weights: all weights carried on a drivers person must be secure and under the race suit. While not outlawed, weighted vests &amp; ankle weights are not recommended.</li> </ul>
7.3	Personal seat inserts must be presented in good condition. Where weights have been added to the back, a protective covering (carpet/foam etc) must be added to the back to avoid damaging the kart seats. A good guide to making a weighted seat can be found <a href="#">here</a> . (Credit: BRKC)
7.4	It is the sole responsibility of the entrant to ensure that they are above the minimum weight at all time during the event. Drivers failing to comply with the minimum weight will be subject to penalties.
7.5	Drivers may change weight class at any time before the start of their first event. An event is deemed to have started at the commencement of the driver's briefing. Should a driver change weight class after this time, they will be allowed to carry over their overall points, subject to a 50 point deduction. Their class points will reset to 0.

## 8 Teams Championship

8.1	The NRKL teams championship allows drivers to work together over the course of the season.
8.2	At each event, a team may consist of up to 3 drivers. These can be from any class.
8.3	A team can feature a roster of up to 6 drivers over the course of the season. Should a team exceed this number, a penalty of 50 points will be applied for each additional driver. Should a driver change weight class during the season, this will be considered as one of the team's driver changes.
8.4	Teams must nominate their scoring drivers the Wednesday preceding an event. This should be done through the nomination form via the series website. Failure to do so will mean no changes will take place.
8.5	Alongside the team's championship will run the privateer championship. This is for drivers who has not been nominated for a team at any point during the season. For avoidance of doubt, a driver is no longer considered a privateer once the event they have been nominated for has started.

## 10 Driving Standards & conducts

10.1	While the NRKL is open to all drivers, it is expected that all drivers are able to drive a rental kart to a high standard and are familiar with the general rules of karting and will abide by them at all times. Drivers who are unable to demonstrate they are able to drive to the required standard may be removed from an event without refund or compensation.
10.2	Karting is a non-contact sport. Despite the fact that most rental karts have wrap-around bumpers, these are not designed to allow for pushing and excessive contact, they are a safety feature. The NRKL wishes to promote clean and fair racing.

10.3	While the host circuits are in charge of on track conduct, NRKL will have their own driving standards observer(s) to ensure that races remain clean.
10.4	To aid with driving standards, each driver will be issued a digital licence that will be kept centrally. Any driving or sporting penalties will carry licence points. Should a driver collect 12 points during a 12 month period, their licence will be revoked for a 12 month period.
10.5	<b>Race With Respect</b>
10.5.1	While the NRKL is not affiliated with Motorsport UK, the championship fully endorses the Motorsport UK Race with Respect programme.
10.5.2	While competing in the championship, all drivers agree to be bound by the race with respect code.
<b>11 Championship Penalties</b>	
11.1	NRKL operates a licence system to attempt to control driving standards. As well as sporting penalties, drivers will have their 'licences' endorsed with points. Should a driver collect 12 points over a 12 month period, they will lose the ability to enter and compete in NRKL events.
11.2	Receiving multiple warnings during an event - 1 penalty point

11.2.9	The list above is not exhaustive, and the organisers reserve the right to update this list at any time during the championship campaign.
11.3	<b>Appeals</b>
11.3.1	A full list of penalty points will be made available in the week following an NRKL event.
11.3.2	Over the course of the season, drivers will have a total of 4 appeals that they can use against any points that have been applied to their licence.
11.3.3	Where a driver competes in multiple championships, their appeals quota will be per championship
11.3.4	An appeal must be lodged in writing to <a href="mailto:appeals.nrkleague@gmail.com">appeals.nrkleague@gmail.com</a> , an appeal should include: <ul style="list-style-type: none"> <li>- A driver's name (if known)</li> <li>- The incident number the appeal relates to (found on the incident list for each event)</li> <li>- Evidence to support the appeal, this can be onboard video or trackside video</li> </ul>
